PROJECTS**E-Waste Management - Frontend Development****Dec 2020 - Jan 2021**

The first website I built for a school level competition in Class XI. It incorporated HTML and CSS and fetched me the first prize.

Interfaith-Website - Frontend Development**Jan 2021 - Feb 2021**

This was my second website. This was for the national level competition at school level. With this I learned to include JavaScript in my website as well as how to make it responsive.

Anime Merchandise Website - Web Development / E-commerce**Sep 2022 - Feb 2023**

Developed a PHP-based anime merchandise website with MySQL integration, user authentication, dynamic cart, and product filtering by category and anime. Designed a responsive frontend with video elements and implemented session-based features like login/logout and cart tracking.

INTERSHIPS**Web Developer, Docquity****May 2025 - Jul 2025**

I was part of a team of 11 working on a URL shortener system during my internship at Docquity. My main task was handling the redirection part — making sure that when a user clicked the short link, they were taken to the right original link. I also worked a bit with testing and helped fix small bugs as the project progressed. This experience gave me exposure to how backend systems work in real-world projects.

POSITION OF RESPONSIBILITY**Co-ordinator - AUGSD****Jun 2025 - Present**

Collaborating with administration and students to streamline the functioning of the Academic Undergraduate Studies Division. Responsible for assisting with course registration processes and effectively communicating student concerns and issues to the academic administration.

Events Head - SARC**Jul 2025 - Present**

Leading event execution for alumni engagement activities. Oversee planning, logistics, and communication for alumni meets, talks, and interactive events like farewell, reunions, ensuring a strong and active alumni-student network.

Joint-Secretary - Sanskrit and Foreign Languages(SAFL) Club**Jul 2024 - Jun 2025**

Organized a wide range of cultural and entertainment-based events, including anime screenings, quizzes on mythology and K-pop, and a club trip to Comic-Con.

EXTRA CURRICULAR ACTIVITIES**Playing guitar**

I picked up the guitar in early 2023 and have been playing ever since. Over time, I've improved a lot just by practicing regularly, learning songs I like, and occasionally playing with friends and family.

Working out in the gym

I started working out regularly in August 2023 and it's become a key part of my routine. It's helped me stay consistent, manage my time better, and focus more on both physical and mental well-being.
